MOBSTER

You've kept silent. You're more than a professional, you have your honour. Prison is not a drawback of your trade, it's a trial you will pass with flying colours if you can keep your back straight. They will know, and their judgement is the only one that matters, certainly more than that of a State who's never done anything for you. Loyalty will be rewarded, treason will be punished. You would do the same in their shoes.

Do you think they could have spared you the jail time?

Is there someone who really needs you out there?

Do you suspect another inmate of selling out to the cops?
