# REPENTANT

You were collaborative. And you'll keep doing it, whatever helps you shorten your stay in this Hell. You need to get out and put the pieces of your life back together, before they are irredeemably lost. Screw honour and all the bullshit people tell themselves to feel better than they are. You don't owe anything to anyone, this is your life.

Are you constantly afraid that someone will make you pay?  
What do you risk losing out there if you stay in jail for too long?  
Is there someone in here you aren't willing to sell out?
